Supporting Change and Reform in Preservice Teaching in North Carolina

WHAT WE DO

Support community colleges in North Carolina to better prepare early childhood educators to meet the needs of each and every child in their communities.

HOW WE DO IT

Partner with select North Carolina community colleges to enhance coursework and practica experiences in early childhood programs by incorporating evidence-based and competency-based practices that support the inclusion of children with disabilities and who are culturally, and ethnically diverse.

Provide support for community college faculty and professional development providers through the dissemination of resources, webinars, and other professional development opportunities.

Building early childhood educators' confidence and competence in...

- Using the Division for Early Childhood's Recommended Practices to support the inclusion of children with disabilities
- Working with diverse children and families including dual language learners
- Supporting children's STEM learning, literacy, and social and emotional development
- Using technology to enhance children's development and access to natural learning opportunities
- Using data for progress monitoring
