Listserv Offers Free Resources on a New Topic Each Month

Learning is Everywhere is a free, monthly listserv organized by the amazing Mary Hall and sponsored by the Pennsylvania Office of Child Development and Early Learning. In addition to ideas for families and professionals about how to support learning and development, each issue is filled with great stuff related to children from birth through kindergarten. The August issue, for example, has a list of books about going to school, articles on the best toys and encouraging healthy eating, embedded videos, and favorite Pinterest pins. While several items each month may relate specifically to Pennsylvania residents, most are relevant for anyone in any location.
