### **Using Technology to Build and Sustain Relationships with Students, Children, and Families** Tuesday, March 2, 2021, 2:00 – 3:30 PM EST

*Many programs have shifted to hybrid or online teaching models for the foreseeable future. This presents unique opportunities for fostering relationships and building community that are different from those in the face-to-face classroom. Similarly, students need a new repertoire of tools and strategies for building meaningful connections with both children and families. This session will provide strategies for supporting three technology-assisted capabilities: 1) organizing online classes; 2) cultivating instructor-student and student-student relationships; and 3) preparing students to use technology effectively to support children and engage families. Strategies suitable for both synchronous and asynchronous environments will be shared.* Presenter: Danielle Savory Seggerson (Lansing Community College, Michigan)

### **Explicit and Intentional: Building Emphasis on Culture, Race, and Equity into Early Childhood College Courses**

Tuesday, April 20, 2021 2:00 – 3:00 PM EST

*Explicit emphasis related to supporting the full and equitable potential of children who are diverse in terms of culture, race, language, ability, opportunity, and life circumstances is now called for by national publications, standards, competencies, and position statements. The challenge for early childhood instructors is how to authentically and intentionally infuse new evidence and practices in courses and field experiences. This session will highlight effective strategies for taking action to address culture, race, and equity as part of activities, experiences, and assignments.*

Presenters: Cathy Collie-Robinson and Marye Vance (Durham Technical Community College, North Carolina) and the SCRIPT-NC team
